Thanks very much Daniella,

We look forward to setting up a meeting. In addition to highlighting the industry's strong support in general for enhanced chemical regulatory cooperation under TTIP, we would like to focus on the following issues:

- Prioritization and coherence in chemical assessment
- Data and information sharing
- Emerging regulatory issues, including endocrine and nanotechnology

Unfortunately, we have some constraints around travel schedules for the next couple of weeks. Next week, the only time that we would have available is the morning of Wednesday, February 19 between 9-11am. The following week, Friday, February 28 looks pretty good for us – anytime between 9am-12pm or after 3pm.

Ryan, please let me know if any of those times work at your end.

Best regards,

Greg Skelton

Greg-

Thank you, Lisa and Alexa for coming yesterday to discuss TTIP/Chemicals issues. As promised, I spoke with Jim and Wendy. We would like to set up a meeting as soon as possible.

Could I ask you to work with Jim's Special Assistant, Ryan (on cc), to set this meeting up?

Many thanks,
Daniella
